

WEST SIDE Healthy Parents & Babies

WEST SIDE UNITED: Building Blocks
to Better Health

Community Connections

Through community connections and partnerships, we aim to work alongside existing medical and social support systems to connect every growing family on the West Side to high-quality health care and strengthening West Side parents, children, families and communities

Identify and Reach

Pregnant and parenting people are referred or can self-refer. We aim to reach EVERY growing family on the West Side of Chicago without regard to income level or insurance status

Refer

Through a personalized coordinated intake parents are connected to services and resources that meets their unique needs.

Support and Empower

Support birthing people navigate a challenging health care system by providing FREE family-based prenatal guidance and postpartum support Empower families through health education and access to care
